

Effective October 1, 2012, Sunshine State Health Plan® (Sunshine Health) is proud to offer its Sunshine Healthy Kids program in St. Lucie County, Florida!

HealthyKids™

**Our programs focus on:
Healthy Lifestyles - Healthy Homes - Healthy Schools - Healthy Choices**

Sunshine Health serves over 90,000 children and young adults between the ages of 5-18 in the State. We know the importance of preventive care, effective outreach programs and disease management. We have a great opportunity to change the health of our children and young adults – making positive changes that will stay with them.

Sunshine Health Healthy Kids offers a broad choice of doctors and health care professionals and hospitals for your health care needs. Sunshine Health Healthy Kids offers the best choices for you, your family and our community.

Sunshine Healthy Kids offers the Standard Benefits, including:

We also offer Value Added Benefits:

Sunshine Health has developed a package of Value Added Services for our Healthy Kids! These services will add member benefits beyond what is traditionally covered by the Florida Healthy Kids program. These value added benefits were made to improve our members' well-being and encourage good use of healthcare benefits.

Sunshine Health has enhanced the traditional Healthy Kids benefits by eliminating many outpatient copayments as well as any copayments for generic pharmacy prescriptions.

- ☆ **Well-child care, school physicals, primary care, specialist and mental health office visits:** No Copay!
- ☆ **Pharmacy:** No Copay for generics, Diabetes and Asthma wellness programs.
- ☆ **24-Hour Nurse Helpline:** NurseWise® has registered nurses ready to answer your health questions 24 hours a day - every day of the year.
- ☆ **CentAccount™ Incentive Program** promotes personal healthcare responsibility and ownership by offering financial incentives. The reward is loaded onto a health plan issued CentAccount debit card. You can use this card at many merchants you already use every day, such as nationally recognized drugstores and supermarkets to buy a wide variety of health care items. This incentive reward is offered for the completion of annual well child visits.
- ☆ **Fluvention:** Your child can participate in this annual flu prevention campaign which gives outreach to high-risk Members. You and your child can receive information about flu prevention and how to stay healthy.

Case Management

If your child has special healthcare needs or is disabled, case management may be able to help you. Sunshine Health case managers are registered nurses or social workers. They can help you understand your child's health problems and arrange care with his/her doctors. A case manager will work with you and the doctor to help your child get the care they need.
